- Means of communication project:
- Net working & co-ordination

#### 1. GAJA CYCLONE RESPONSE IN NAGAPPATTINAM DISTRICT:-

**Gaja Cyclone:** Heavy winds of about 140-160 kmph speed were experienced on 16<sup>th</sup> of November 2018. The highest wind speed was recorded in Adhirampattinam at 162 kmph and secondly Muthupet recorded 160 kmph. Regions of Karaikal and Nagappattinam also experienced 100 kmph winds. The affected districts are Nagappattinam, Thanjavur, Thiruvarur, Pudukottai, Karaikal, Trichy and Ramanathapuram.

**Early warning:** Government gave the early warning message through TV, Radio and Newspapers. This message was also disseminated to the communities through NGOs, who are the members of NGO network Social Action Movement and Inter-Agency Group. (IAG is a Network of Humanitarian agencies affiliated to Sphere India). The NGOs of Nagappattinam, Thanjavur, Thiruvarur, Pudukottai, Karaikal, Cuddalore and Ramanathapur am Districts are also members of this network. The affected people were moved to the temporary camps setup by the Government. Those who remained at homes died or were injured.

Rapid assessment of damage & immediate needs: RUC along with Inter Agency Group, Tamil Nadu, took up rapid assessment of damage caused by Gaja Cyclone in Nagappattinam, Thanjavur, Thiruvarur, Pudukottai, Karaikal, Cuddalore, Trichy and Ramanathapuram. CASA, CARITAS, UNICEF, World Vision, Action Aid and local NGOs/organizations participated in the process. The damage assessment and need analysis report was prepared and distributed to all the stakeholders involved in the process.

# Supply of food and other facilities at the temporary shelters:

There were widespread protests, especially road blockade, demonstrations by the victims demanding food, electricity, drinking water, health facilities in the temporary camps and to remove the uprooted trees from the roads and streets. The temporary camps were organized in Government schools. Food material, drinking water, bleaching powder pockets and milk powder for children and generators did not reach the camps on time, due to lack of approach roads to these temporary camps. RUC along with the Members of Social Action Movements informed the Government officials of the status of requirements and facilitated the supply of food materials, drinking water, bleaching powder pockets and milk powder for children and generator.

# Process of beneficiary identification, procurement of relief materials and distribution:

RUC team visited some of the affected villages and did the rapid assessment of damage and found that dalits were the severely affected. Hence, it decided to select the beneficiaries from dalit villages of Nagappattinam District. The beneficiary representatives decided to provide household utensils such as cooking pots with top covers two sets each, four steel plates, four steel cups, one water carrier-Aluminum pot, one sempu, two steel spoons one sari, one lungi, one bed sheet and two mats each to 956 most affected dalit families, during the beneficiary representatives consultation meeting. Relief materials were distributed to the beneficiaries at their villages in presence of RUC secretary and Community leaders. Individual acknowledgments are received along with the signature of witness / Community leader to ensure accountability and to avoid duplication of service. The following is the details of the distribution.

# Facilitating the communities to avail themselves of the relief measures.

One thousand and five hundred families were animated to submit individual memorandums along with the photo of the damaged house and family identity cards demanding construction of permanent disaster resilient houses to the District Collector of Nagappattinam. RUC provided the Tamil version of the relief norms of Ministry of Home Affairs to the victims to avail themselves of the relief measures from Government of Tamil Nadu and to the NGOs to be distributed among the gaja victims.

# workshop on disaster resilience construction strategy

Two-day workshop on disaster resilience construction strategy for thirty masons was conducted in colaboration with EGS Pillai Engineering College, Nagappattinam. Dr.R.Sivakumar, Head of Department of Civil Engineering and Prof. P.Malliga, Associate Professor and A. Maria James, Secretary of RUC, conducted the workshop. The experience and the strategy has been shared with delta region NGOs of Tamil Nadu.

**Co-ordination with NGOs:** Four Co-ordination meetings were conducted with the organizations involved in the Gaja Cyclone relief response.

**Co-ordination with Government:** RUC participated in the Government and NGO co-ordination meeting conducted at the District Collector's office, Nagappattinam and highlighted the issues of the victims, especially the need for the construction of disaster resilience permanent houses and to undertake restoration of livelihood means.

#### **Results:**

- 1. The cyclone Gaja victims numbering 956 Dalit families were helped to return to their normal life.
- 2. All the cyclone Gaja victims are aware of the relief measures of Government and received the relief amount directly to their bank accounts.
- 3. Evolved a low cost disaster resilient housing design for the poor to reconstruct their houses damaged in cyclone Gaja.
- 4. Helped the NGOs working in six Districts of Tamil Nadu on the relief norms of Government.

#### 2. PRIME MINISTER'S MICRO INSURANCE SCHEME FOR THE POOR:-

Rural Uplift Centre is one of the agencies approved by Life Insurance Corporation of India to implement the Prime Minister's Micro Insurance Scheme for the Poor, who cannot enroll themselves under the regular insurance scheme. Two hundred policy holders paid the premium amount of Rs: 1,70,000/- (one lakh and seventy thousand) during this year. Six persons surrendered their policies and received the maturity amount of Rs: 52,604/- (fifty two thousand six hundred and four). Two persons received the maturity amount of Rs: 24,785/- (twenty four thousand seven hundred and eighty five). Thirty one policy holders renewed their polices by paying Rs:78,000/- due amount.

**Results:** 1. Life risk of two hundred and thirty one poor people are transferred and have savings.

- 2.Two policy holder's dependants received an amount of Rs:24,785/- (twenty four thousand seven hundred and eighty five).
- 3. Six policy-holders surrended their policies and received Rs:52,604/- (fifty two thousand six hundred and four)

# 3. RAJIV GANDHI NATIONAL CRÈCHE SCHEME:

Rural Uplift Centre is running four crèches for the children of beedi-workers and agricultural labourers, one centre each at Kallathi and Elangulam and two centres Thalapathysamuthram in Nanguneri Panchayat Union limit of Tirunelveli District. One hundred and three children are being taken care of at these crèches. The children are imparted pre-school training through play way method with the help of trained pre-school teachers. The children are provided with nutritious mid-day meals at noon and snacks in the morning & evening. Quarterly medical checkup is carried out on these children and they are provided with necessary medicines in collaboration with the Primary Health Centre personnel, Government of Tamil Nadu. Childcare and Children's progress are discussed with mothers at monthly orientation meetings. Besides, measures to prevent diseases and to prepare nutritious meals with the locally available food materials are taught to the mothers. Crèche monitoring committees consisting of panchayat leaders, community leaders, leaders of women's groups and a representative of Rural Uplift Centre are constituted in all the four centres to animate and monitor the functioning of the four crèches. Independence Day, Republic Day, Children's Day, Kamaraj anniversary and Annual school Day celebrations are organized at all the centres to demonstrate the skills acquired by the children. Government of India's, Ministry of Women & Child welfare Development, Government of Tamil Nadu, Department of Integrated Children Development Scheme and RUC meet the cost in 60:30:10 percentages respectively.

**Results**: All the 100 children acquired pre-school training. This programme enabled the children to acquire motor development, knowledge development, physical development, social development, intellectual development and language skill. It also enabled the parents to go for manual work during the daytime, as the children are cared by us. Drop-out rate reduced, as the elder children are relieved from the younger childcare responsibility. The rural children are also able to compete with urban students. The headmasters of the nearby

primary schools have reported that the children trained in RUC -run crèches perform better than the other children in all school activities.

# 4. ENSURING RESILIENCE OF SMALL & MARGINAL FARMERS TO NEUTRALIZE THE DAMAGE CAUSED BY CLIMATE CHANGE-INDUCED DISASTERS.
